Commencement Exercises and Closing Ceremony

The 2022-2023 PCS school year concluded on May 19 with its annual Commencement Exercises and Closing Ceremony. This year's commencement speaker was COL. Michael L. Bineham, United States Army (Ret). All K-12 classes presented various recitations of scripture, patriotic songs, and a timeline of history. It was a special evening celebrating the year and the eight PCS graduates.

PCS Students Participate in Girls State

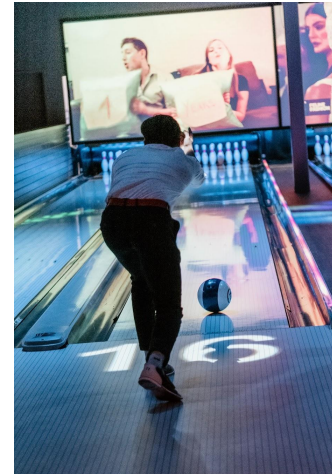

The American Legion Auxiliary Palmetto Girls State is a leadership program educating high school students about government and citizenship. Rising seniors are selected for the program based on involvement in the community and leadership skills. This year, we were incredibly proud to have two PCS students, Kylie Davis and Kate Roberson, chosen to participate. During the 2023 session at Presbyterian College in Clinton, SC, the delegates heard from judges, politicians, and expert panelists. They also traveled to Columbia where Governor McMaster spoke to them on the steps of the State House.

2023 Spring Formal

On May 6, PCS high school students gathered at Sparetime in Pineville for Spring Formal. The evening began with dinner and superlatives, one of the highlights of formal each year. The fun continued with activities, including arcade games, bowling, laser tag, and escape rooms. Thank you to our Director of Events, Mrs. Amanda Patterson, for planning a wonderful evening!

Message from the Head of School

In these last two days, I have had the privilege of coming together with our administrative leadership team for a planning retreat. I am so blessed to work alongside such an amazing group of leaders who serve selflessly and desire to make a difference in the next generation. The newest additions to our team were announced at the beginning of June when Adrian Swain and Lauren Koch were brought on as K-12 Principal and Director of Development and Communications, respectively. Both ladies bring an incredible amount of wisdom and expertise, and we are so grateful God brought them to PCS. I firmly believe the Lord will use them in these new roles to advance His kingdom and to further the mission of our school. Please join me in praying for our entire administrative team and all our wonderful faculty and staff as we work diligently to prepare for the coming year.

UPCOMING EVENTS:

August 22 - Opening School Convocation, 8am in the Eastside Baptist Church Sanctuary
