PCS Now Offering Upper School Fine Arts Electives

PCS recently expanded the upper school (6th-12th grade) course catalog. Students now have the opportunity to select one of the following fine arts electives: Photography, Art, Guitar, Drama, and Choral Ensemble. Classes will convene every Friday afternoon. Twice monthly, the elective hour will be split with a school-wide Music class in order to prepare for annual program performances.

Paladins Basketball Season

With many of last year's sports cancelled or altered due to the pandemic, we are so grateful our students were able to compete in a basketball league this winter. We had two boys teams (middle and high school) and one middle school girls team.

"This season, our Paladin athletes certainly had to adjust to uncommon circumstances," said Brandon Eiff, PCS Athletic Director and basketball coach. "Through it all, they have shown grace, patience, and adaptability. All of our students have grown in their skills on the court. It is a true joy to see them get better every time they play. They have exhibited great integrity and character in defeat as well as victory."

New Students Inducted into PCS House System

We were thrilled to welcome several new families to PCS in late December. Our new students took on the challenge of a mid-year arrival and are thriving both academically and socially. Many have even sought opportunities for extra-curricular involvement through our sports and clubs.

As our yearly enrollment continues to increase, we remain steadfast in our prayers for every family in the PCS community.

“It’s been so exciting to see the Lord bring such wonderful, bright new students to our school,” said Nikki Dixon, Director of Admissions and Development. “Please join us in praying for provision as we expand and explore new opportunities in the coming years.”

Student Bible Study Encourages Prayer and Spiritual Growth

One of the most important aspects of Christian education is the daily immersion in Scripture and prayer. We start every day with a recitation of our school verse (1 Kings 8:54-61 is the selected passage for 2020-2021), the Lord’s Prayer in Latin, and class devotions. Additionally, students can attend faculty led Bible studies for their age groups. The faculty also meets weekly for a time of prayer together. We know that the benefits of intentional prayer and Christian fellowship are invaluable, for teachers and students alike.

Message from the Head of School

What a blessing it was to celebrate our Christmas program last month! Hundreds attended online and in-person, and we are so proud of our students’ efforts. All classes have been able to remain in session after returning from Christmas break, and we even kicked off our basketball season this month. Though it has looked a bit different this year, it has been such a joy to provide this opportunity for our students. Our home games are live-streamed on our Facebook page, and we also invite you to join us live or virtually for our upcoming faculty vs. student games on February 18. This will be a fun-filled evening for our PCS community and all proceeds will benefit Paladins athletics. Thank you for your continued prayers and support!

Save the Dates:

-2nd Annual PCS Faculty vs. Students Basketball Games on February 18 at 6 p.m. at the Rock Hill Sports and Recreation Center

-The next PCS Open House will be held on Tuesday, February 23, at 6:30 p.m.
