Pictured Above: Mrs. Thrift's 1st grade class enjoyed a Valentine's Day party with crafts and activities.

2nd Annual Staff vs. Students Basketball Games

On February 18, PCS faculty and staff faced off against our student athletes in two games at the Rock Hill Sports & Events Center. We are grateful for our generous sponsors (Michael Baker of Vertex Capital and Jimmy Hutto of Southeastern Industrial) who helped us secure this incredible new facility. With nearly 200 in attendance, the event raised more than \$1,500 for the Paladins athletics program.

Pictured Right: The women and men of the PCS staff competed against the middle and high school girls' and boys' teams respectively. Students of all ages were able to participate throughout the evening with the halftime half-court and "knockout" competitions.

PCS K5-2nd Grade Students Master Literacy Skills and Mathematical Fundamentals

We are excited to announce that our kindergarten students are reading! Using their Primary Phonics Readers, they are reading two books a week. In 1st grade, students are working on addition and subtraction facts to the 10 family, counting money (coins), reading clocks, and learning measurements, fractions, and story problems. Both 1st and 2nd grade students will be competing in the New American Cursive Handwriting Contest on April 10. We are truly blessed by the enthusiasm our youngest students exhibit in all of their academic endeavors.
