

# *Back to the Classics:* **Safeguarding the Use of Technology**

## **ABOUT THE EVENT**

Parenting young children and teens became much more complex with the introduction of the smartphone, tablets, and seemingly unlimited access to websites, apps, and gaming platforms.

While we acknowledge the role technology undoubtedly plays in our modern culture, it is critical that parents are educated about and understand the dangers of technology.

This Back to the Classics event will educate parents of children of all ages on the darker side of social media and technology, and how to safely navigate this ever-changing landscape while honoring the Lord. Parents will leave with tangible recommendations from our panel of experts on how to safeguard the use of technology.

*This event is intended for adults only. Strong parental discretion is advised.*

## **WHAT TO EXPECT**

- Free and open to the public
- Expert guest speakers with interactive Q&A
- Learn how to protect your family while safely using technology
